### Observations On Growing Older

Your kids are becoming you...and you don't like them...but your grandchildren are perfect!

You forget names - but it's OK because other people forgot they even knew you!!!

You realize you're never going to be really good at anything - especially Golf.

You sleep better on a lounge chair with the TV blaring than in bed. It's called "pre-sleep".

You miss the days when everything worked with just an "ON" and "OFF" Switch.

You tend to use more 4 letter words - "what?" "when?"???

Now that you can afford expensive jewelry, it's not safe to wear it anywhere.
